## Speedy Method for Square in a Square (starting point of block)

Choose this method if using the same fabric. It is faster to complete the initial square in a square and produces more waste.
Round 1 starts as a square in a square. Cut (2) strips for your size pineapple strips $x$ wof (cream) fabric and (1) strip for center square $x$ wof (black-center square) fabric.
Sew (2) of the cream strips for your size pineapple ruler $x$ wof and (1) center square strip size $x$ wof (black) strip into a strip set as shown. Press seams to the cream (example) fabric.

Arrange the strip set widths onto your pineapple strip width $x$ wof cream strip and stitch. Press seam toward the cream strip. Cut the sections apart. Press seam toward the cream strip.

Add another cream strip to the other side of Round 1. Cut the sections apart again and then press the seams toward the cream strip.

Round 1: Starts as a square in a square.

Place the right angle of the Pineapple ruler into the right angle of the square in a square unit. Trim the corner using the edge of the ruler. Trim remaining three corners.
